Barnwell Boy Loses Arm

Last Tuesday a painful accident occurred on the C.P.R. right-of-way between Barnwell and Taber as a work train was passing between the two stations. By accident, William Peterson, a young Barnwell lad of 16 years, lost his arm by falling from the train. Young Peterson, who is the nephew of Mrs. E.J. Francis, of Taber, was enroute to this town to enter the employ of Mr. Francis, and observing the gravel train asked permission from the conductor to ride as far as Taber. The permission was was grudgingly given on account of the well-known rules, the distance was but short, and the youth climbed on one of the cars loaded with gravel. The swaying of the train however, tossed the lad, and in trying to regain his balance the lad fell under the wheels, one arm being badly crushed and almost taken off. The plucky victim of the accident attempted to walk to town, notwithstanding, and was picked up by a passing motor and hurried to the Taber Hospital. Chief Francis was notified, and after consultation by Drs. Hanneman, Rose and Tolinie, an operation was performed, and the arm was amputated a couple of inches below the shoulder. The father and mother of the boy were notified and are at the hospital. E.J. Francis is at present in Utah, where he went recently at the death of a sister, but in answer to a phone message, Mrs. Francis stated that the boy had little recollection of what happened from the time the load gave way till the accident had taken place. Station Agent Tallman visited the hospital and enquired into the matter, but it appears that the conductor, having train matters to attend to, was unaware of the accident until informed by the brakeman that he thought some one had been run over, the train having passed the scene of the accident. As the injured lad was, by then, proceeding toward Taber, the particulars could not be easily ascertained. The sympathy of the community is extended to the family in the circumstances, as they and the intimate relatives are well known

TIT-BITS

A clergyman who had failed to gain the confidence of his flock was giving his farewell sermon. He started:

"My dear friends, it is clear God does not love you, for I have not buried any of you. It is equally clear you do not love one another, for I have not married any of you. It is painfully clear that you do not love me, for you have not paid me my last quarter's salary. I shall however, be independent of you in the future, as I go to take the position of chaplain at a convict prison."

He then gave out his text, "I go to prepare a place for you."

Additional Burdett News

From our own Correspondent

Travellers are more numerous just now and several are making this town their stopping place, they report the traders are still somewhat conservative in their buying but are glad to say they are all meeting their engagements as they fall due. This is a most excellent sign as it shows there is still money in the district

Mr. Owens attended District Meeting last week, he returned well pleased with his trip and expects the Church will have a good man in charge for the next year

C.W. Hendershott is boarding at the Hotel as his family are away on a holiday

Mr. Blaine was a business visitor to Burdett last Tuesday

Fred Efford at inconvenience to himself attended and took charge of the services at the Methodist Church last Sunday, Rev. Cook being away, his address was much appreciated by those present. It is suggested that the Church Manager should have a notice board in a good position in town on which announcements could be placed, also in our local paper the Bow Island Review so the public would know what is going on. If this was done much larger gatherings would be the result

The Blaine Drug and Book Co. are about ready to open, the store has been nicely fitted up and useful stock put in, the thing for the public to do now is to support this venture

Baseball

Bow Island Boy Scouts vs Taber; score 11 to 4

In a very interesting and well played game of baseball staged on the local grounds last Wednesday evening, the Boy Scouts team of Bow Island defeated a Junior team from Taber by 11 runs to 4.

Though the game was hotly contested to the last of the 19 innings, our local Scouts were never in danger of losing.

Mr. Hilton Parker acted as Umpire to the satisfaction of both teams, while Mr. L.E. Boucher was time keeper.

A return game may be played at Taber within a week or ten days, of which notice will be published in this column.

The Teams: Scouts: Still, Nevins, Ream, Bell, Grund, Allen, Hoaglin T. Schonert and Carlson.

Taber: C. Wellington, C. Hodges E. Hodges, J. Young, J. Clares, W. Shields, L. Malo, N. Bryan, L. Pierson

CROP REPORT

Seeding of Wheat practically finished. Eighty per cent of the Outseeded. Ten per cent of Flax seeded. Two per cent of Potatoes in at present.

Everything is growing and coming along fine. Lots of Moisture in the ground and rained again last Wednesday, bought Hay not much selling, as the Grass is coming along fine. Horses and all Livestock now rapidly improving and the General Outlook is exceedingly good

THIRD SEMI-MONTHLY CROP AND LIVESTOCK REPORT

The crop situation over the past fortnightly period is marked by two outstanding features, favorable moisture conditions throughout the province and rapid progress towards the completion of seeding. Light showers have kept the under supply of moisture moving up to the roots of the crop but not heavy enough to check seeding. Horse and machine power are proving about adequate to needs. Good labour is rather scarce. The reduction in total crop area is almost negligible subject to possible reduction in ripe grain and larger supply of green feed on account of blazes of season. Wheat acreage is reduced ten per cent for the province. Oats and barley acreage increased in Southern Alberta but not much increase in centre and north

Regular wheat seeding completed a week ago except for small isolated areas. Oats and barley sixty per cent completed in Southern Alberta but only thirty per cent in Peace River country. Progress of crops not yet rapid on account of cool weather but wheat is nearly all through and well rooted rye is excellent. The general ratings of the season and high wind over a small acreage are the only limiting conditions to good result. Some soil blowing has occurred at certain points in the south but prospects have improved since last report and on the whole excellent.

Grass on the prairie is the best in years. Stock losses are over. Loose horse stock already considerably improved and cattle stock beginning to fatten. Sheep are doing well to the lamb crop is not heavy. Pig stock is in the worst situation of any. Over sixty per cent of sows that should litter this spring were sent to the packers plants last fall. The pork outfit this year promises to be light.

FRENCH PRESIDENT FALLS FROM TRAIN

Suffered Little Injury Although He Is Bruised and Cut

PARIS, President Deschanel, who was injured by a fall from a train near Montargis, spent a good night and his physicians issued a bulletin this morning saying his condition was as satisfactory as possible, although rest was necessary.

MONTARGIS, France, Paul Deschanel, president of the French Republic, fell from a window of his train when it was a short distance from here last night. The train was moving at the time but after his fall Mr. Deschanel walked a mile and a half in the darkness until he met a track worker.

The president was taken to a signal station nearby and received first aid and medical treatment some two or three hours after the accident. Physicians found he had suffered no injury sufficient to cause anxiety, although he was bruised and cut. President Deschanel explained that he had been unable to sleep in his compartment of the private car in which he was traveling because of the heat, and that about 11 o'clock last night, shortly after the train pulled out of Montargis he tried to open a window to secure more ventilation. The window stick and M. Deschanel said he applied all his strength to open it. Then suddenly the window gave way and he pitched out of the car on to the track in the darkness, the train going on.

A Noted Preacher

Rev. Charles N. Sheldon, one of the most widely known preachers in America, has become editor of the Christian Herald. Since 1889 Mr. Sheldon has been pastor of the Central Congregational Church of Topeka, Kans. Mr. Sheldon is the author of "In His Steps," which holds a record sale of ten million copies. After the publication of the book in 1898 the author accepted an invitation to become editor of the Topeka Capital for one week and run it as he believed Jesus would. The experiment attracted wide attention and the Capital's circulation jumped from 12,000 to 30,000. O' Lordy, if he would only run the Bow Island Review

Too Much for Her

Unhappily and unannounced, the lady president of a church society entered the composing room of a newspaper just in time to hear these words come from the mouth of the newspaper printer:

"Billy got to the devil and tall talk to finish that 'murder' he began this morning. Then 'kill' William J. Bryan's youngest grandchild, and dump the 'Sweet Angel of Mercy' in the city hall. Then take us up to the 'Naughty Patriotic Actress' and look up 'The Lady in Her Bedside.'"

Horrid! the good women fled, and now her children wonder why they are not allowed to play with the printer's youngsters.

G.W.V. President Thinks Time Ripe For General Election

Ottawa.—R. B. Maxwell, of Winnipeg, Dominion president of the G. W.V.A., who has been here investigating the political situation has issued the following message to the 776 branches of the association throughout the Dominion:

"From knowledge gained of political and economic aims in Canada on the part of the Great War Veterans' Association to obtain effective constructive legislation, I deem it my duty to urge upon you the necessity of an early general election. Parliament has confessed inability to redeem former pledges, and restore to returned soldiers and dependents a substantial measure those economic advances they would now enjoy but for war services."

"Parliament has shown reluctance to offset such failure by measures for the improvement of living conditions throughout the country, whereas it returned men might more easily regain a secure foothold in the country."

"Parliament now requires that those who have seen and served should be exempt from the major portion of the new taxes."

"Parliament has denied to the electorate of Canada any opportunity since 1911 to assert their views upon domestic questions by means of the ballot. Parliament continues to issue statements, but is not supported by the vast majority of those who have the interests of the balance at heart, nor of our association."

Back From Exile

King Alexander of Greece Will Return to Throne

Paris.—King Alexander of Greece, who is now in Paris, will return to his capital upon the conclusion of his visit here, it was announced at the Greek legation. This announcement sets at rest the published rumors that the king did not intend to return to Greece, having decided to share the exile of his father, ex-King Constantine, and that he might be succeeded on the Greek throne by an English prince.

Calgary Miners Present Demands

Calgary.—U. M. W. of A. miners presented their demands for a thirteen percent increase in wages, and a new schedule to the operators. The increase will mean a total increase of 27 percent over the scale which was in effect last October.

Bank of Saskatchewan

Ottawa.—In the senate, Senator Ross presented a petition for the incorporation of the Bank of Saskatchewan, with head office in Regina.

Ambassador Geddes Is Received By U.S. President

Washington.—Sir Auckland Geddes, the new British ambassador, formally presented his credentials to President Wilson at the White House and exchanged with the executive assurance of good will and amity.

None of the diplomatic questions pending between Great Britain and the United States was touched on specifically in the addresses exchanged between the President and Sir Auckland. In addressing the president, Sir Auckland said: "His Majesty my king, has instructed me to deliver to you this letter, and to say that it is his desire that I renew to you, sir, his assurances of the lively interest that promotes the welfare and prosperity of the United States of America."

"Immediately before I left his court of St. James, I had the honor of being received in audience by him, when he charged me particularly to express to you, sir, the vivid sense of pleasant recollection with which he remembers your excellency's visit and that of Mrs. Wilson to him at Buckingham Palace."

"He has heard with deep emotion and regret of the loss of brotherhood which you, sir, have unselfishly suffered. He prays that it may be wholly temporary and of short duration."

Attack on Col. Amery

Truth Declares He Is Not A Trustworthy Representative

London.—Truth, which is independent in general politics, but consistently supports free trade, says: "Apropos of the West Indian conference at Ottawa, Col. Amery and Lord Milner are quietly pursuing the project of imperial preference which should be watched by free traders. The West Indians are crown colonies under the thumb of Downing Street, and though delegates from their various administrations are attending the conference, it is doubtful as to how far they will press the interests and the opinions of the local trading community and the population in general. Arrangements which might be advantageous to Canada might easily be disadvantageous to the West Indians and the Mother country as well. Col. Amery is certainly not a trustworthy representative in this matter. He takes the view that anything which benefits the Dominions benefits us, which is matters of commerce and finance, is more sensationally nonsense."

Sims Replies to Wilson

U. S. Rear-Admiral Declares President's Plan War Crimes

And Certain to Fail

Washington.—While President Wilson's "bold and audacious policy" for the navy was sound, the president had been advocated to crush Germany was "impracticable for technical reasons," Rear-Admiral Sims told the Senate naval investigating committee.

"However," he concluded, "the aggressive policy advocated was, of course, not the correct course. The sacrifice of half the combined British and American fleets would not have been worth the price to pay if it were to have succeeded in crushing Germany and ended the war, but the attempt would have been unwise, as, in the opinion of the responsible naval experts, it would certainly have failed."

Crisis Crashes Through Bridge

Lethbridge.—One man was killed and another injured, though not seriously, in a wreck of Christie Brothers' circus train which broke through an irrigation canal bridge on the Cardston sub-division of the Canadian Pacific Railway. The engine had passed over the bridge, but the heavily loaded baggage-car crashed through. The driver and his injured comrade were both circus employees.

Villa Will Not Surrender

De Facto Government Has Already Begun Organization Against The Outlaw

El Paso, Texas.—Further efforts to persuade Francisco Villa to lay down his arms were futile, according to General Ignacio Priego, commander of the Chihuahua Defense Forces, who telegraphed the Mexican government late here that the Villa problem only by force of arms.

The de facto government of Mexico has already begun its threatened organization against Villa. Many bands of sugar have been sent into the mountains to hunt down Villa and his band of men.

Stores of Sugar to Be Sent Abroad

Halifax.—International commodity on the announcement that sugar is due for another advance is to be found in the fact that great quantities of sugar are being piled up here, presumably for exportation abroad.

It is stated that several hundreds of thousands of tons of sugar are at present awaiting shipment at one pier and that the quantity is daily increasing. At another pier upwards of a quarter million bags of flour are waiting shipment abroad.

Mennonites May Leave Swift Current

Receiving Office For The Land They Contemplate Vacating

Swift Current, Sask.—Jack Priest, head of the Mennonite colony south of Swift Current, left a few days ago for Mississippi to make final arrangements in connection with removal of the Mennonites from this district to settle upon lands in the southern states. Upon the result of Mr. Priest's negotiations rests the final decision concerning the migration of the Mennonites from Swift Current district, where they own 150,000 acres of the very best farming lands. Before leaving, Mr. Priest stated that no papers had yet been signed guaranteeing special privileges to his people by the United States authorities. If these special privileges were not forthcoming, the arrangements for moving to Mississippi would be at an end and the colony would then reconsider a proposal to move to Brazil. In the meantime, the Mennonites are receiving offers from several quarters for the land they contemplate vacating. Following an offer from an American syndicate recently, efforts are now being made by representatives of French settlers in Maine and Quebec to obtain options on every possible, colony farm. The price offered is \$40 an acre to include implements and improvements and the season's crop. Crop prospects are so favorable at present that many of the Mennonites will refuse to join in the scheme that may take place. The provincial government has arranged for the erection of several new schools in the settlement and will likewise enforce the school attendance act.

Do Not Need Passports

Ottawa.—U. S. Tourists visiting Canada do not require passports as a condition of entry into Canada from the United States or as a condition as to leaving Canada, was the announcement made from the department of the interior.

Canada welcomes bona fide tourists the statement says, and extends every possible courtesy to such travelers in entering and leaving the Dominion.

Investigate Attorney's Death

Vancouver.—An enquiry has been instituted by the Dominion air board into the airplane crash of last Monday in which E. H. Beasley was killed, according to a message received by Major C. A. McLaren, D.S.O. Col. Richard Bell Irvine and Major Scott Williams have been appointed to assist Major McLaren in the investigation.

Vegetables Drop in Chicago

Chicago.—Prices of all vegetables dropped from five to thirty-five percent in the Chicago market in the last ten days, commission merchants said recently. Market experts said the decline in prices was due to increased receipts.

Big Elevator Deal

Winnipeg.—One of the biggest deals in grain storage space ever summarized here is announced. The Leitch-McLean Elevator company has purchased 17 elevators from the Imperial Elevator company and one from Hallett and Carey.

Kolchak Was Shot

By Revolutionist

Denied Trial, He Smoked Cigarette While Facing the Firing Squad

Victoria.—Details of the killing of Admiral Kolchak, head of the allied movement in Siberia, were held here by Captain Webb, provost marshal with the British Forces in Siberia, who has arrived here on the steamer Maaila Maru, from Vladivostok. Through treachery, he said, Kolchak was captured by revolutionists incarcerated with former Premier Rogozhinsky at Irkutsk. When placed in front of a firing squad, Peppeliyeff was shot down when he attempted to escape.

Kolchak, denied a trial and the privilege of seeing his wife, coolly smoked a cigarette and awaited the volley. The order to fire was disobeyed by the firing squad, whereupon a comradely stroke forward, pushed Kolchak back, and shot him to death with a revolver.

Oppose Extension Of Divorce Laws

Anglican Bishop in Toronto States Case Against Proposed Legislation

Toronto.—Strong opposition to the relaxation of laws governing divorce was voiced by Bishop Swensson in a charge at the opening of the 68th annual meeting of the Anglican synod of the diocese of Toronto. His lordship referred to proposed divorce legislation and declared that the church of England was opposed to such a measure, and the cause alleged by his divine head.

The bishop quoted from legislation adopted by the church in 1905: "No clergyman shall perform a marriage between persons either of whom shall have been divorced from one who is living at the time." He concluded by saying: "We must oppose, by every legitimate means, any legislation which seeks to enlarge the causes for which divorce is to be granted."

Murders Escape

Three Men Serving Life Sentence at Boston State Walls

Of Prison

Boston.—John Henry, who was sentenced to prison for life for the murder of Patrolman Charles Deniger, in this city in February, 1919, Harry Mandler, serving a life sentence for the murder of Patrolman Joseph Riser, in this city a year ago, and Charles Ward, a negro, serving a 20-year sentence, escaped from the state prison in the Charleston district by scaling the walls. They were clad in prison garb.

Increase Rolling Stock

Winnipeg.—This year the Canadian National railway rolling stock will be increased by the building of 5750 freight cars, 80 locomotives and 70 passenger coaches. The additions to the rolling stock contracted for in 1919 are now almost completed, it was learned. In 1919 new freight cars to the number of 1549 were built, 50 locomotives and 240 passenger cars.

To Include Women

Ottawa.—An act to incorporate the Army and Navy Veterans in Canada was amended by a committee of the commons to provide for the inclusion of women's organizations.

Destruction and Serious Disorders Continue in Ireland

Government May Not Take Over Board

Edmonton, Dunvegan and B. C. Line Will Probably Be Reorganized

Edmonton.—National ownership of the Edmonton-Dunvegan and British Columbia railway is a decidedly remote possibility, according to premier Stewart, who has returned to the city from a two weeks' official trip to Ottawa. Instead of the federal government purchasing the system, as was semi-officially suggested by Sir George Foster some months ago, a movement is well under way in the E. D. and B.C. company, and thus bring in sufficient capital to put the road in good shape for traffic and take adequate care of the business in hand.

London.—More troops are being despatched to Ireland to combat the property destruction and similar movements which are continuing there. Unexpected disorders happened recently called for the despatch of further troops.

The newspapers all give this special precedence, it being added that not only is the garrison in Ireland being increased, but that steps are being taken to replace the younger soldiers by better disciplined soldiers, in order to provide prevention for further disorders.

Dublin.—The destruction of property in Ireland by Irish conditions, Kilbrin Castle, near Brandon, County Cork, one of Ireland's ancient landmarks, was destroyed. It is estimated that the damage was \$10,000. The castle was unoccupied. The reports do not state the cause of the fire.

Damage estimated at £40,000 was caused by fire on the farm of Major Pollock, at Gaven, Ballinacorney. The members of the family escaped with difficulty. Several valuable horses were burned. The police and firemen extinguished the fire. Reports of the fire received here allege that villagers who watched the fire would not render assistance in putting it out.

Other reports of fires received to date include news of an attempt to burn the court house at the County Kerry. The police saved the records. The court house at Lerner, County Cork, was burned. One hundred and thirty houses in the town of Longs Gorge, Ballywillby, but were beaten off.

The corner's jury has been receiving attention from the campaigners. The members of a jury who sat in an inquest in two police stations were attacked for the decision handed out.

High Level Reached During Month Of April

Ottawa.—The bank statement for April, just issued by the finance department, showed a continued increase in savings bank deposits. They now stand at the new high level, \$1,209,000,000 as compared with \$1,070,000,000 a year ago and \$933,900,000 at the end of April two years ago.

Call loans in Canada were rather lower than those in the states for March. Current loans in Canada are about twenty-five millions higher.

Compelled Farmer To Give Up Land

Sinn Fein Forbids Purchase Over the Heads of Local Young Men

Men

Dublin.—Consent of Irish law by the Sinn Fein is very effective, as is instanced by an occurrence at Carrick-Shannon, which was reported here. A farmer named Morrison was summoned before the Sinn Fein land committee to show why he had attempted to buy land over the heads of young men of the district who did not own property. He had just purchased a grazing farm for \$3,500, and sold the committee he had bought it for his two brothers in the United States. The committee warned him to surrender it immediately, which he agreed to do with reluctance.

Unknown persons have seized and sunk Lord Kingston's yacht, the Meteor, at Carrick-Shannon, apparently because Lord Kingston entered a claim for \$2,000 for the destruction of a police barracks on his property. The claim was subsequently withdrawn, but no public announcement of this step had been made.

Low Water on Yukon

Seattle, Wash.—Extremely low water is likely to prevent the opening of navigation on the Yukon river until the middle of the month. Advice from the north is that it is more than 25 years since the water was so low at this season.

To Duplicate Cable

Vancouver.—The Pacific cable board is considering the duplication of its cable from Canada to the Antipodes. John Milwood, manager of the board, has announced.

"Your lunch will be fresh and tasty at dinner time to-morrow. It is wrapped in Para-Sani."

PARA-SANI WRAPPER

Heavy, waxed paper in Household Rolls, with handsome oak Roller-Box. Para-Sani is cheaper and more convenient than waxed paper in loose sheets and the paper is of better quality.

Keeps in the Moisture, Keeps out the Germs

Para-Sani is moisture-proof, air-proof, germ-proof. Sandwiches, cakes, bread, cheese can be kept fresh and wholesome if wrapped in Para-Sani. Para-Sani will save many times its cost by preventing waste.

We Still Lead in Real Values

Does it pay a Merchant to work for and always have in mind the interest of his Customers? Is his effort to advance their interest ever known or really appreciated?

Sometime ago we bought twenty cases of Pineapple, and retailed it at 35c. per tin, or \$8.40 per case. Since then, the price advanced, and recently the firm from whom we purchased the Pineapple made us an offer of \$10.50 per case for all we had left. Needless to say, we turned the offer down, and are still selling this article at the Old Price, a Saving to Our Customers of \$2.10 per case.

The same or a like SAVING can be had from Us on many articles. We sell at the Old Price:—
Jam, Pickles, Rolled Oats, Raisins, Evap. Fruits, Coffee, Tea, Breakfast Foods, Canned Fruits and Vegetables, Canned Fish and Meats, etc.

Then, too, the Old Prices which mean Real Values to you, still prevail in Our Mens' Furnishing Department, in Ladies' and Children's ready-to-wear Goods, Serges, Suitings, Prints and Gingham etc.

Yes, it pays any Merchant to work in the interest of the public, provided, of course, that his efforts are known and appreciated, and if he receives the support of the District he serves.

Burdett News

From our own Correspondent.

The Farmers are now equipping about Hail Insurance, don't forget? Fielding has a range of Companies which are hard to test, among others he represents the London Guarantee and Accident Co. Ltd. with a well known resident of Burdett as adjuster. Just figure the great advantage it will be to you should Hail unfortunately strike your crop to have it insured right away.

Before placing your insurance and see what his proposition is and if you want protection there is little doubt but what he will write your business.

Mr. and Mrs. Fred Small are visiting for a few days with Mr. Small's brother "May" on their way home to B.C. from the Southern States.

Gus Smith was a visitor in town last week, he likes B.C. but still has a friendly feeling for this district.

G.W.V.A.

The monthly meeting of the Great War Veterans Local Branch will be held in the Council Chamber next Sunday at three o'clock. Business of importance will come up for discussion and it is hoped every returned man will make it his business to attend. An invitation to those who have not joined is extended. The Secretary has just got badges and receipt books from Calgary so he is fully equipped to do business.

Our representative while in Burdett last Tuesday had the pleasure of seeing the Charter of the Burdett Branch of the G.W.V.A. which is being framed by Mr. George Crepley of the Pioneer Lumber Co.

Last Friday evening a very enjoyable dance was given by the Great War Veterans, a large number of returned men from both of the neighbouring towns were present.

The ladies of Burdett by kind permission of the Blaine Drug and Book Co. were able to supply one of their well known suppliers in the store, this was much appreciated by all and in particular the local men whose branch benefited to a considerable amount by this action.

Thercent wind storm in this district did a certain amount of damage but it is now found that the rain which came afterwards has been the means of starting the growth of the grain and after all it will be found that comparatively little loss will result.

The cut worms are again with us the damage so far is very small and when we get another rain it is felt their course will have run. Since then we had another rain.

Jim Neil was in town recently and reports his lambing has not been a success this year as he has only about a sixty per cent fall. Grass is now plentiful on his ranch and those lambs he has are doing well. Shearing will be the next thing to take up his attention.

Mr. Morrison of the Rexall Company was a business visitor to Burdett last Tuesday and established a Rexall Branch of the Blaine Book and Drug Co. at Burdett.

Burdett Mercantile Store report business very good in spite of the hard times.

The Alberta Pacific Elevator Company are doing quite a lot of work in preparation for the next crop which they expect to be a large one.

Mr. Strand South of Town is still keeping two engines hard at work he was in town at the beginning of the week for another engine.
